

# Delete Saved Passwords

**You need to clear Saved Password for Local 58 website before you will be able to log in to the new Member Area. Below are procedures to do so for some of the web browsers:**

**Google Chrome:** On the right side of toolbar left click on the triple bar and then left click on "Settings"  
Left click on "Show advanced settings" at bottom of screen  
Under "Passwords and forms" click on "Manage Passwords" and find the  
"members.ibewlocal58.org" and click the **X** to the right

**Internet Explorer:** To delete individual passwords: when using IE and a saved password is pre-filled on your screen, simply highlight the username that displays there, and press the Delete key to remove just that one username/password combination from IE. Internet Explorer will then prompt you to confirm that you do want to delete it.

**Safari:** Open the Safari menu.  
Select Preferences.  
Switch to the Autofill tab.  
Click the Edit button for Usernames and Passwords  
Delete the entry that corresponds with members.ibewlocal58.org

## **Mozilla Firefox – Windows:**

**In the menu bar, open the Tools menu.**  
**Select Options.**  
**Switch to the Security tab.**  
**Click on Saved Passwords.**  
**To eliminate all existing saved passwords, click Remove all. To eliminate specific saved passwords, click View Saved Passwords and delete just those associated with weblogin.bu.edu. If you wish, deselect the option to Remember passwords. This will prevent passwords from being saved in the future. In older versions of Firefox, this option is in the Privacy tab instead of Security.**

**IF THIS DOES NOT WORK: CALL THE UNION HALL DURING OFFICE HOUR**
